Professional Summary

Motivated and detail-oriented Electrical Engineer with strong knowledge of electrical systems, circuit design, power distribution, and industrial automation. Skilled in troubleshooting, technical documentation, and project management.

Education

Bachelor of Science in Electrical Engineering

University of Engineering and Technology Lahore (2021 – 2025)
CGPA: 3.45 / 4.00

Technical Skills

- Electrical Circuit Design
- Power Systems & Distribution
- AutoCAD Electrical
- MATLAB & Simulink
- PLC Programming Basics
- Microcontrollers & Embedded Systems

Internship Experience

Electrical Engineering Intern – Siemens

June 2024 – August 2024

- Assisted senior engineers in electrical panel testing and maintenance.
- Supported troubleshooting of industrial electrical equipment.

Academic Projects

Smart Energy Monitoring System

Developed an IoT-based energy monitoring system for real-time power monitoring.

Automatic Street Light Control System

Designed a lighting system using LDR sensors to reduce electricity consumption.

Soft Skills

Problem Solving, Team Collaboration, Communication Skills, Time Management, Analytical Thinking

Languages

English, Urdu
